

# Drew's Market Thanksgiving Reheating Instructions

These instructions are meant as guidelines only. Every oven and microwave is slightly different and settings will vary.

## TURKEY & HAM REHEATING

### COOKED WHOLE TURKEY REHEAT

Preheat oven to 325°, place in roasting pan with small amount of water, broth or turkey drippings to the cavity and bottom of the pan and cover turkey with foil. Heat until the internal temperature reaches 160°.

This will take between 30-60 minutes. Please use your judgement based on the size of the turkey. We recommend checking the turkey often to prevent overheating, to ensure a tender turkey. Internal temperature should be 160°. Remember, the turkey is already 100% cooked, this is simply to reheat.

### COOKED SLICED TURKEY BREAST REHEAT

Preheat oven to 350°, place breast in shallow pan with liquid to prevent drying. Cover in foil and heat until internal temperature reaches 160°.

### BONELESS TURKEY ROAST REHEAT

Preheat oven to 350°, place roast in shallow pan with liquid to prevent drying. Cover in foil and heat until internal temperature reaches 160°.

### TURKEY LONDON BROIL REHEAT

Preheat oven to 350°, cover in foil and heat until internal temperature reaches 160°. For cooking, please see instructions.

### VIRGINIA HAM

Preheat oven to 350°, add about 1/4-1/2 inch of water to pan, heat in oven until internal temperature reaches 140°.

## SIDES REHEATING

Remove from refrigerator and allow to sit at room temperature for at least 20 minutes before reheating.

### MAC-N-CHEESE

Cover with foil and place in the oven at 350°F for 20-30 minutes, or until heated through.

### MASHED POTATOES

Oven: Bake pan while covered at 350° for 20-30 minutes, or until the potatoes are warm through.

Stovetop: Transfer the mashed potatoes to a saucepan or Dutch oven, cover them, and heat over low heat until heated through. Be sure to stir them occasionally and keep the heat on low so they don't stick to the pot or burn.

### STUFFING

Warm while covered for 20-30 minutes at 350°, until stuffing is heated through.

### STRING BEANS

Place in oven at 350° until warm, roughly 5-10 mins.

### SWEET POTATO MASH

Cover with foil and bake at 350° for 20-30 minutes, or until the potatoes reach 165°.

### TURKEY GRAVY

Heat over stovetop in saucepan on low heat, stir occasionally.
